

LIST OF FIGURES

Fig.	Title	Page No.
Fig.2.2	Age-sex distribution of the aged	27
Fig.2.3	Marital status of the aged persons	28
Fig.2.4	Educational status of the aged persons	29
Fig.2.5	Occupation of the aged	30
Fig.2.6	Monthly income of the aged persons	31
Fig.2.7	Aged persons and size of the family	32
Fig.2.8	Type of family and aged persons	33
Fig.2.9	Pattern of house	34
Fig.2.10	Source of drinking water	35
Fig.2.11	Type of sanitation	36
Fig.3.1	Disease of the aged	39
Fig.3.2	Age wise major disease of the males	41
Fig.3.3	Age wise major disease of the females	42
Fig.3.4	Age wise minor disease of the males	45
Fig.3.5	Age wise minor disease of the females	45
Fig.3.6	Education and major disease of the males	47
Fig.3.7	Education and major disease of the females	48
Fig.3.8	Education and minor disease of the males	51
Fig.3.9	Education and minor disease of the females	51
Fig.3.10	Occupation and major disease of the males	53
Fig.3.11	Occupation and major disease of the females	54
Fig.3.12	Occupation and minor disease of the males	55
Fig.3.13	Occupation and minor disease of the females	57
Fig.3.14	Major disease and type of nuclear family of the males	58
Fig.3.14 (A)	Major disease and type of joint family of the males	59
Fig.3.15	Major disease and type of nuclear family of the females	60
Fig.3.15(A)	Major disease and type of joint family of the females	61
Fig.3.16	Minor disease and type of nuclear family of the males	63
Fig.3.16(A)	Minor disease and type of joint family of the males	64
Fig.3.17	Minor disease and type of nuclear family of the females	65
Fig.3.17(A)	Minor disease and type of joint family of the females	66
Fig.3.18	Age wise socio-economic problems of the males	69
Fig.3.19	Age wise socio-economic problems of the females	70

Fig.3.20	Socio-economic problems and diseases of the males	71
Fig.3.21	Socio-economic problems and diseases of the females	72
Fig.3.22	Economic dependency of the males	74
Fig.3.23	Economic dependency of the females	74
Fig.3.26	Age wise psychological problems of the males	77
Fig.3.27	Age wise psychological problems of the females	78
Fig.3.28	Importance of the aged in household decision	79
Fig.3.29	Views of the aged according to facilities	80
Fig.3.30	Types of leisure and recreation of the aged	81
Fig.4(A)	Means height of the aged males and females	86
Fig.4(B)	Mean weight of the aged males and females	87
Fig.4(C)	Mean chest circumference of the aged males and female	89
Fig.4(D)	Mean waist circumference of the aged males and females	91
Fig.4(E)	Mean hip circumference of the aged males and females	92
Fig.4(F)	Mean calf circumference of the aged males and females	93
Fig.4(G)	Mean systolic blood pressure of the aged males and females	95
Fig.4(H)	Mean diastolic blood pressure of the aged males and females	96
Fig.4(I)	Blood pressure among the aged males	97
Fig.4(J)	Blood pressure among the aged females	97
Fig.4(K)	Mean BMI of the aged males and females	98
Fig.4(L)	Mean Waist/Hip ratio of the aged males and females	99
Fig.5.1	Perception of aged about health	101
Fig.5.2	Perception of aged about best way to be healthy	102
Fig.5.3	Perception of illness of the aged	104
Fig.5.3(A)	Causes of illness of the aged persons	104
Fig.5.4	Preventive measures for maintaining health of the aged	105
Fig.5.5	Type of medical attention of the aged	106
Fig.5.5(A)	Type of medical attention of the males	106
Fig.5.5(B)	Type of medical attention of the females	107
Fig.6.1	Food habit of the aged	118
Fig.6.1(A)	Restriction in diet of the aged persons	118
Fig.6.1 (B)	Preference of non-vegetarian food of the aged	119
Fig.6.1(C)	Habit of chewing & smoking and drinking alcohol of the aged	120
Fig.6.2	Disease and food habit of the aged males	121
Fig.6.3	Disease and food habit of the aged females	122

Fig.6.4	Disease and restriction of food of the aged males	123
Fig.6.5	Disease and restriction of food of the aged females	125
Fig.6.8	Nutritional status of the aged males	128
Fig.6.9	Age wise nutritional status of the aged males	129
Fig.6.10	Nutritional status of the aged females	130
Fig.6.11	Age wise nutritional status of the aged females.	131
Fig.6.12	Occupation and nutritional status of the aged males	132
Fig.6.13	Occupation and nutritional status of the aged females	133
Fig.6.14	Nutritional status and some frequently occurring disease of the aged males	134
Fig.6.15	Nutritional status and some frequently occurring disease of the aged females	135
Fig.6.18	Waist/hip ratio of the aged males	138
Fig.6.19	Waist/hip ratio of the aged females	138
