CERTIFICATE OF THE SUPERVISOR

This thesis entitled “**Patbaushi Sattra: A Study in Continuity and Change**” is submitted by Manimala Das to the Gauhati University for the award of the Ph.D. degree in Anthropology under the Faculty of Science. She has worked under my supervision and guidance and has fulfilled all the requirements relating to the submission of a thesis for the degree of Doctor of Philosophy under Gauhati University.

This thesis is the result of her own investigation. To the best of my knowledge and belief, this thesis or any part of it was not submitted by Manimala Das for any research degree to this University or any other University elsewhere.
